Passes Resolutions Upon Death of S. D. Bartley.

The Interior Journal has received from the Knights of Pythias lodge of Corydon, Indiana, the following resolutions upon the death of Mr. S. D. Bartley:

In Memoriam

Whereas, death has cut off in mid-career our brother, Mr. Samuel D. Bartley, whose childhood, youth and early manhood were passed in our community and who had long been well and favorably known by many members of our lodge, and whereas, his departure from the walks of men has brought a keen sense of personal loss to those of our number who knew him best, and has removed from our fellowship one who exemplified the cherished principles of our order in his fraternal relations, and as a son, brother, husband and father, and whereas, the worth of our brother as an honorable business man, a clean and patriotic citizen and a faithful and active Christian were widely recognized, and he was ever true to those who mourn his absence and are overwhelmed by their great sorrow, and a place was filled in many circles most worthily, be it therefore

Resolved that our lodge hereby declares that it has sustained an appreciable loss in the death of Brother Samuel D. Bartley, that a page be set apart in our records in his memory which shall contain the salient facts of his relationship to our order, and that the usual symbols of mourning be displayed in accordance with our laws and customs.

And be it further resolved that we express our profound sympathy to the members of his family in their great sorrow, assuring them that we his brethren under the bonds of our great fraternity share their grief and that in keeping with the teachings of our order we shall ever be found ready to promote the best welfare of his widow and orphan children. And be it further resolved that a copy of this paper, suitably prepared and bearing the seal of our lodge and the signature of our officers, shall be sent to the family of our deceased brother. And be it further resolved that this paper shall be furnished for publication to The Corydon Democrat, The Corydon Republican, and The Interior Journal, of Stanford, Kentucky.

All of which is respectfully submitted.
